RE: Notice of Violation
Dow Chemical Company, EPA Identification Number CAD076528678

Dear Mr. Cast:

During our January 9, 2017 phone conversation you explained that the compact disk included with the January 6, 2017 Notice of Violation (attached) was unreadable. I apologize for that technical error and have burned a new disk containing the attachments to the April 4-8, 2016 Compliance Evaluation Inspection (CEI). If you have any trouble opening the attachments on the disk, please let me know as soon as possible

Dow's response to the Notice of Violation will be due 30 days from the date that Dow receives this letter and the CEI attachments. Please send your response to:
